

EVOLVE® CLEANING PROCEDURES

1 SATURATE/SATURE

Apply generously and allow to saturate soils.

Aplique generosamente y deje que sature la suciedad.

2 ACTIVATE/ACTIVE

Allow to penetrate 30 seconds for light soil and up to 1 minute for heavy soil and grease.

Deje penetrar unos 30 segundos para limpieza ligera y 1 minuto para limpieza pesada de suciedad y grasa.

3 AGITATE/AGITE

Scrub lightly with brush or cloth as needed.

Restriegue ligeramente con un cepillo o paño/trapo.

4 ELIMINATE/ELIMINE

Wipe surface thoroughly until clean.

Pase el paño sobre la superficie hasta quedar limpio.
